## BREEAM<sup>®</sup>

On 4 April 2022 Eurofins Product Testing A/S received a sample of a joint insulation tape with the product name:

**INTU FR WRAP L**

supplied by

**INTUSEAL SP. Z O.O.**

The sample was supplied as being representative of the manufactured product, and it has been tested as in accordance with the relevant EN 16516, ISO 16000-3, ISO 16000-6, ISO 16000-9, and ISO 16000-11 (See test report no. 392-2022-00147307\_A\_EN).

**The test results of the tested sample indicate that the product qualifies for the below mentioned BREEAM specifications on VOC emissions by complying with:**

- **BREEAM<sup>®</sup> International: Compliance with Exemplary criteria on VOC emission and VOC content** of BREEAM International: New Construction 2021, Technical Manual – SD250: Hea 02 Indoor Air Quality (version 6.0. of December 2021).
